

Pediatric Assessment

Kids are not just little adults, their differences anatomically, mentally and emotionally make them a whole other creature to take care of, especially when sick or injured. We will review some basic assessment techniques as well as a having a chance to put your skills to practice!

Special Considerations, Pediatrics - 2 hrs.

May 13, Cedar Hill - D3 @ 19:00

May 20, Lee Acres - D6 @ 19:00
